Accessing Your DRF Program

To begin, go to www.taskstream.com and log into TaskStream using your assigned username and password.

To access your Directed Response Folio (DRF), click the name of the DRF program from the home page.

You will see the structure of your Directed Response Folio (DRF) in the left frame.

Find the appropriate standard/course in the structure section and click the desired requirement. The content of the chosen requirement section will be displayed in the right frame area. You can view the **Directions** for the requirement. If you would like to see the rubric being used to evaluate your work, click the **Evaluation Method** link for that requirement.

If you need to complete a form, click the **Complete Form** button

> ▼ Form: Graduation Exit Survey   🔳 **Complete Form**
>
> In addition to the content you add to this requirement, please **complete this form**.
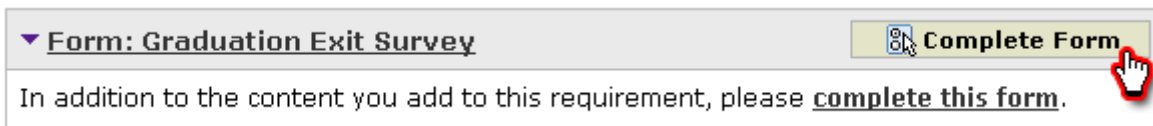

When you are ready to add work, click the button from the bottom *Add* toolbar that corresponds with the type of content you wish to add. You can choose to add **Text & Image**, **Slideshow**, **Standards**, **Attachments**, **Videos**, and **Links**.

Adding Attachments

Step 1: Select the type of file you wish to add.

If you choose to add a file saved on your computer, select the *A file saved on your computer* option, click the Browse button to find the file you want to attach.

If you choose to add a previously uploaded file, select the *Attach a previously uploaded file* option, and then select the category of work and the specific work product where the file is attached.

If you choose to add work that you created in TaskStream, select the *An artifact created in TaskStream* option. You will then be able to select the type of work to be added (web page, web folio, etc.), and the specific work you would like to attach.

Step 2: Name the file.

Step 3: Add a description of the file, if applicable.

Step 4: Select the checkbox if you would like to specify standards that this attachment addresses.

Click the **Add File** button when finished.

Click **Save and Return** to go back to the main program work area when you are done adding attachments. You may add as many attachments as you wish.

You have now successfully attached work to your Directed Response Folio (DRF)!
